

AC008

Features

- Touch to turn on/off, and to dim & tone.
- Wide range of adjustable brightness & CCT with stepless control
- Compatible with 12V/24V LED strip
- Non-polarized output/anti short circuit output
- Quick & intelligent control
- Superb anti-interference
- Brightness memory

Technical Data

Input		Output		Environment	
Input voltage	12V~24VDC	Output voltage	12V~24VDC	Ambient temperature	-20°C~+40°C
		Max. load current	2.08A	Humidity	20%~85%
		Max. load power	25W/50W(12V/24V)	Storage temperature	-25°C~+80°C
		Dimming range	5%--100%	Applications	Indoors
		Standby power	0.72W	IP grade	IP20
		Control way	touch
