

# HR0025 HANDRAIL LIGHTS

LED handrail lighting designed for aesthetically demanding architectural projects using high-quality CREE/PHILIPS LED.

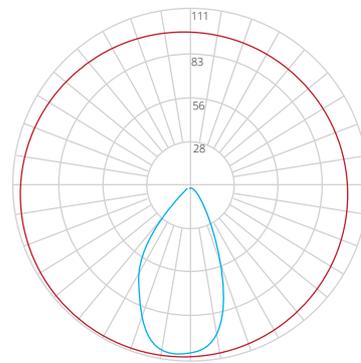

## FEATURES:

- Low voltage
- Suitable for  $\Phi 38$ -100mm handrail wall thickness > 1.5mm
- 3M waterproof internal connectors
- Easy and convenient installation
- Over 50,000 hours average lifetime

## SPECIFICATION:

Input voltage	12/24V DC
Power consumption	1.2W
Lumens output	95lm
Operation temperature	-20°C ~ +50°C
Colour temperature	4000K
IP rating	IP67
Lens angle	60°
Housing material	Stainless steel
Dimensions	$\Phi 18 \times H20$ mm

## POLAR CURVES

Horizontal angle: 270°, Vertical angle: 7°

## MECHANICAL DRAWING
