

ABL001 SOLAR BOLLARD LAMP

Designed with a slim profile for aesthetically demanding architectural projects providing a solar panel and lithium-ion battery for off-grid power supply.

FEATURES:

- High quality polycrystalline solar panel OSRAM LED chips
- Weather adaptive lighting system improves lighting time by 50%
- Simple and modern looking powder coated aluminium body.

SPECIFICATION:

Fixture power	0.5W
Solar panel	Polycrystalline, 0.6W
Li-ion battery capacity	3.72V, 2.96Wh, 0.8Ah
Charging/ discharging temperature	0~45°C / -20~60°C
LED (OSRAM)	2835, 4 pcs
Efficacy	190lm/W
Colour temperature	3000K
CRI	>80
Control Mode	Button switch
Lighting mode	M1: 50lm, M2: 20lm
IP rating	IP65
IK rating	IK1
