

AZDL13

RECESSED DOWNLIGHT

DESCRIPTION

The LED Downlight offers a perfect blend of style and efficiency for modern lighting needs. This downlight features advanced LED technology to deliver bright and energy-saving illumination. Its sleek, minimalistic design ensures a seamless fit into any ceiling, making it an excellent choice for residential and commercial spaces. The robust construction guarantees durability and long-lasting performance.

FEATURES

- Energy-Efficient LEDs: Provides high brightness with reduced energy consumption.
- Sleek Design: Minimalistic and modern, easily integrated into various interiors.
- Durable Construction: Ensures long-lasting performance and reliability.

TECHNICAL DATASHEET

Product code	AZDL13
Dimensions (mm)	Ø80mm x H57mm
Cut out	Ø75mm
Power (W)	6W/8W/10W
Colour temperature (K)	2700K/3000K/4000K/5000K
Input Voltage (V)	AC220-240V
Luminous Flux (lm)	88lm/w
Colour rendering index	>90
Beam Angle	16°/25°/33°/50°
Driver	Build-out
Finish	White/Silver
IP rating	IP65
Installation	Recessed
Dimming Option	TRIAC/DALI/0-10V

MEASUREMENT

Product code	Size(mm)
AZDL13	Ø80mm x H57mm
